

Property Taxes Cost \$84 Per Person

Property owners in San Diego County have just finished paying the second half of a property tax bill for 1957-58 which averages, county-wide, \$84.87 for every man woman and child in the county. The total levy on property amounted to \$74,470,932. Of this sum \$22,030,739 was for general county purposes, \$14,373,654 for city government purposes, \$34,432,673 for school districts and \$3,633,866 for special districts in the county. Comparison of this year's tax levies with those for 1952-53 shows that the increase in levy is far in excess of the increase in population in the county.

S. J. Arnold, general manager of California's Taxpayers Association said, "If property owners want to prevent another big increase in property tax bills for the next year they should: 1. Urge that the salary schedules for local government employees be held at their current levels. 2. Insist there be no increase in level of present services by local governments. 3. Demand the elimination of unnecessary government activities by every level of government."

Indian Guides To Be Ramona Fair Guests

Two gala days of fun are announced by Ramona Jaycees on Saturday and Sunday, May 3 and 4, when the organization will sponsor the Third Annual Ramona Fair and Parade.

Indian Guides of the Iriquois Nation, which makes up Lemon Grove and Spring Valley Tribes, will be guests of honor at the Village.

An Indian Village and Indian dances will provide color and entertainment.

The Annual Flower Show of the Ramona Woman's club, held in the Club House, will be one of the attractions on Saturday.

The main events held on the Ramona Fair Grounds will include the Junior Livestock Show and a Sports Car Gymkhana.

Lovely Barbara Evans, chosen Ramona's Fairest of the Fair, will welcome guests at all of the events during the two-day fiesta, and will attend the Dance in the Town Hall on Saturday evening.

The parade on Sunday at 1:30, promises to be bigger and more colorful than the previous years, according to Glue McDonald, Parade Chairman.

Frank Hallman, J. C. President, says that there will be games, rides and concessions to please all ages at the Fair Grounds.

Another Backyard Swim Program Set

The San Diego Department of Public Health has announced that it will cooperate with the American Red Cross this summer in one phase of its "Backyard Swim Campaign." The Red Cross hopes to encourage 100 or more private swimming pool owners throughout the county to make their pools available for children's swimming classes. The Division of Sanitation will make a sanitary inspection of each pool, prescribe its capacity and ask pool owners to make bathroom facilities available to those attending the backyard classes.

Red Cross instructors will assume the responsibility for limiting enrollment of each class to the capacity of the pool. They will also check the chlorine content of the swimming pool water at the time each class meets.

A spokesman for the American Red Cross said there will be no charges for the lessons. The starting date for the lessons will depend on when the pools are available, but it is expected that it will be early in the summer vacation time.

INSTEAD OF THE TRADITIONAL SHOVEL, giant earth-moving machines were used to break ground recently for the new \$14,000,000 College Grove Shopping Center, located one mile west of Lemon Grove and seven miles from downtown San Diego. When completed in October 1959, the shopping center will be the fifth largest in the United States. Pictured above at the controls and assisting are Michael C. Birnkant, Los Angeles, principal owner of the center; and E. M. Newton, president of the Lemon Grove Chamber of Commerce. Overseeing the dirt-moving operation on the ground are George A. Scott, president and general manager of the Walker Scott Company; and John Graham, Seattle architect and pioneer in shopping center designing.

Local Area Gives \$2,700 To Polio

Lemon Grove-Spring Valley residents contributed \$2,735.07 to the 1958 San Diego County March of Dimes held in January, according to Mrs. Beth Bennett, chairman. The foundation raised a total of \$140,803.79. The United Fund offered the Polio Foundation \$136,000 a week prior to its drive on the condition it would not conduct a campaign for funds.

Mrs. Bennett thanked all those individuals who contributed to the campaign and expressed her appreciation to all the community campaign directors and special division chairmen who worked so tirelessly and gave so unstintingly of their time and effort. She said, "It is unlikely the amount raised will be sufficient to meet the patient care needs of the local chapter and it is highly probable that there will be need of advances from our national headquarters to supplement the funds raised locally." However, it was felt that this year's efforts were outstanding when considering the economic readjustment and other difficulties encountered.

Last year's efforts was \$195,589.39.

Senate and chairman of the powerful House Interior and Insular Affairs Committee, will pilot his own plane into San Diego County Monday for a whirlwind barnstorming introduction to his campaign. He will appear on Howard Keen's T.V. Show. "One of the principle reasons Clair Engle is coming to San Diego County is to clear up the false impression given by Governor Knight" says Clinton D. McKinnon, chairman of Engle's San Diego County campaign. "Congressman Engle is generally considered one of the top experts in Washington on the critical water and conservation problems of the west. If anybody can set Ex-Governor Knight right, Clair Engle is the man. Here is one time the Ex-Governor has walked in over his head."

CHP Warns To Watch For Bikes

California Highway Patrol warns motorists to be alert for children on bicycles and help make bicycle riding safer in our community. Each spring and on through summer more and more children ride bicycles to and from school and during out of school hours. This demands special attention by every driver of a motor vehicle.

Bicycle riders must also do their part in avoiding traffic accidents. Some rules to follow are: Keep your bike in the best mechanical condition including lighting equipment; Never ride double in traffic; In group riding stay single file always; Walk your bike across busy intersections; Reserve stunt riding and tricks for off-the-street areas.

KGB Rolling On 'Pulsebeat'

Radio station KGB — San Diego's oldest radio station — has launched an aggressive campaign to promote their new program format "PULSEBEAT"! — radio for adults. Spectaculars on the sides of the local transit system buses, two rotating plans with animation with a local outdoor advertising firm, a saturation of television spots, plus a heavy newspaper campaign in the Union Tribune and all county papers is being used to acquaint all of San Diego with the "PULSEBEAT" program format.

On February 1, 1958, all "talk" programs were united into a single program service directed to an adult audience. From 6:00 a.m. to 7:00 p.m., Monday through Friday, no local record shows are aired on KGB.

More than one hundred personalities contribute regularly to KGB Pulsebeat. One week's programming consists of 281 news and commentary programs; and 22 local discussion and interview programs. KGB Pulsebeat is news without sensationalism; entertainment without the tiresome top twenty tunes; and information on current issues and events.

CdO-SV House Minimums Set

SAN DIEGO (CNS) — Homes in the Casa de Oro-Spring Valley area hereafter cannot be built without having 650 square feet of dwelling space. Supervisors decided last week. They directed county counsel to draw up a resolution to make the change effective.

The action was taken upon recommendation of the building inspection division, after a study of the Country Club Estates district. A petition had been submitted by E. W. Goodall for an increase there from 360 square feet to 900, but the 650 square feet limit was picked because it applies in other areas in the vicinity.

Fifty succulent and cactus plants were planted around the big Lemon at Imperial and Golden Avenue last Monday by Girl Scout Troop 582 of Lemon Grove. JC Sponsored Road-E-O To Be Held Sunday

The Annual Teenage Driving Road-E-O will be held Sunday at the Helix High School Faculty parking lot. Helix and Mt. Miguel will compete to send three students to the San Diego Road-E-O. A written test on California traffic code, and a driving test including straight-line course (forward and back), serpentine course (forward and back), steering obstacle course, and parallel parking will be given to the persons qualifying.

Entrants must be licensed drivers from 16-20 years old without a moving traffic citation for six months. They will have a reasonable choice of new car makes but may not drive any car except official Road-E-O automobiles.

Five winners will be selected from the San Diego Road-E-O to compete in the state contest at Chico, Calif. They will receive trophies for their participation at an award's banquet. One student for California will be awarded a trophy and go on to the National Road-E-O to compete. The top three in the United States will receive trophies and scholarships: first place, \$2,000; second place, \$1,500; and third place, \$1,000.

The National Junior Chamber of Commerce sponsors the national program and the Lemon Grove Junior Chamber of Commerce is sponsoring Helix and Mt. Miguel. Bill Howe, Glenn Shoblom, Ed Kolset, Lee Henry, Toni Digiovanna, Frank Bardacke, Chuck Croche, Kathy Dial, Paul Busch, Dan Sarantos, and Brenda Davison are on the preliminary entry list.

Fire Relief Group To Aid Pony League

The Spring Valley Firemen's Relief Association, at their April 8 meeting, voted to support the Lemon Grove-Spring Valley Pony League, by keeping the grounds dampened down prior to the games and by attending as many games as possible. The SVFRA sponsors one team in the Pony League.

The Association also voted to purchase one \$25 trophy for the Spring Valley Lions Club horse show, which will be held May 25.

Benefit Polo Tourney Scheduled

Grossmont Hospital Auxiliary is holding its Second Annual Benefit Polo Tournament May 3 and 4 at 1 p.m. on the Lakeside field of Dr. E. R. Hering. Proceeds will be used to buy an Isolette Incubator for the Permanent Nursery of Grossmont Hospital.

General Admission tickets are \$1 and may be obtained at the gate or by mail from Mrs. L. L. Louis, 4319 Date Avenue, La Mesa. Children under twelve, accompanied by an adult, are free. Mrs. E. W. Nyström is general chairman assisted by Mmes. A. E. Brudno, posters; John Terhorst, programs; F. J. Rietz, refreshments; Elliott Johnson, reservations; L. L. Louis and R. W. Justice, tickets; and Carlton H. Williams, usherettes.

Too Many Elections Claims Shearer

William K. (Bill) Shearer told the Palomar Camp, United Spanish War Veterans recently, "School bond issues defeated by the voters should remain dead a year before they are resubmitted to the voters. In some communities, the voters have to go to the polls every few months to vote on bond issues because the proponents of the bonds are

unwilling to accept the will of the people. Generally, the bond issues are changed slightly to justify their resubmission."

Shearer further said, "In the community I live in, we have city elections, elementary school district elections, high school district elections, irrigation district elections, and hospital district elections. Hardly a month passes when we are not at the polls over something proposed by one of these districts, or to elect board members. The result is that people lose interest in local government. Only 29 per cent

of our voters voted in the last city election, and only 6 per cent voted in the last school district election."

Registration Time

Now For Camp Marston

Camp Marston, the YMCA's camp near Julian is now taking registrations for the summer sessions, June 17. There are four sessions of nine days each for county boys and one session for girls, ages 9 through 15. The program consists of swimming, archery, riflery, riding, boating, crafts, hiking, sports, campfires, chapel and special events. Campers live in cabins with eight fel-

low campers and a college student as their leader. Boys of junior high school age have a more rugged outpost camp where they plan their own activities and do most of their own cooking.

The first five campers to register in the Lemon Grove-Spring Valley area will receive a camp T-shirt. To register you must file an application and deposit \$5 which is part of the \$31.50 camp fee for the nine days. For further information write or call the Heartland YMCA Office, 4722 Nebraska Drive, HO 3-3234.

who, he said, would suffer financial damage for the parking requirement made on part of his property.

Grable said he had a standing offer of \$100.00 for one piece of land, but that the zoning change suggested would cut that offer in half.

On behalf of his mother, Mrs. Anna L. Johnson, Paul Johnson protested the zoning because it deprived their six acres of "zoning unity." He said the property was in the downtown area and undeveloped.

Durham spoke to urge that any action postponed and suggested that some commission member visit the Lemon Grove Men's Club to explain the zoning plan. He said the map that the county had caused to be printed in the Lemon Grove Review did not explain sufficiently what was planned.

"Taxes out there are terrific for the little we get," said William E. Ash, objecting to plans for offstreet parking. He said it couldn't be done.

Ash's protests were backed up by Walter J. Klein, who complained of the way land in the area was being treated. Of his own land, he said, "People don't throw beer cans. They throw cases of beer cans. And they throw paper bags filled with paper bags."

The maps prepared by the county's planning department

Local Folk Will Address Mailers In Cancer Campaign

American Cancer Society will hit hard in its campaign to raise \$156,000 to carry on a three way program of research, education and patient service according to Chuck Ayars, Lemon Grove-Spring Valley chairman.

Ayars, assistant manager of the First National Bank in Lemon Grove said that mailers will be used in this area this year of a new type which will permit greater coverage at a lower cost. All persons are urged to tear off the educational message and read it. This message tells how many lives can be saved by heeding the warning signs of cancer and by having a regular physical examination. The remaining portion of the mailer is a return envelope in which contributions may be placed and mailed to the Cancer Society. All residents will receive their mailers during the week of April 21 and the American Cancer Society urges them to send in their contributions promptly to support the Society's efforts to end this dread disease.

Local residents who are addressing over 7,000 mailers which will go to residents of Lemon Grove-Spring Valley area are: Mrs.

John R. Belt, 4032 Rogers Street, Spring Valley; Mrs. Jeannette Eln, 1610 Elroy Drive, Lemon Grove; Mrs. Irvin A. Runkle, 2523 Crestline Drive, Lemon Grove; Mrs. George B. Falconer, 3151 Vista, Lemon Grove; Mrs. Jack Norr, 1820 Englewood Drive, Lemon Grove; Mrs. H. Walba, 3870 Carancho Street, Lemon Grove; Mrs. Paul J. Fox, 2328 Loma Drive, Lemon Grove and Mrs. Eva Mae Touchet, 3179 Florine Drive, Lemon Grove; Mrs. Robert Stivers, 1821 Primera, Lemon Grove. "Cancer Sunday" will be observed this week and leaders of all religious faiths have been asked to appeal in prayers for an early solution to the cancer problem. Questions about cancer will be answered by a panel of physicians who will man phones at the Cancer Information Center on Sunday from 1 p.m. to 5 p.m.

BANDIT ROBS SPRING VALLEY MARKET

A lone, bare-faced bandit held up 20 year old Preston Hamilton in the Silver Dollar Market at Bancroft and Golf Drives, Spring Valley Saturday and escaped with about \$150. It was reported to deputy sheriffs. Young Hamilton is the son of Mr. and Mrs. Max Hamilton, owners of the market.

Preston Hamilton was alone in the market about 10:45 a.m. and his folks were in the living quarters at the rear of the market. Young Hamilton said the bandit, who appeared to be about 20 or 22 years of age, and either Italian or Mexican, entered the market apparently to purchase something. Hamilton was at the check stand. As the bandit approached young Hamilton he reached in his shirt and pulled out a revolver.

"This is a hold up. Give me the money," Hamilton quoted the bandit as saying. Then "Give me all of it," the bandit reportedly said.

When the bandit had taken the money, he went to his car. Young Hamilton then went into the living quarters and told his father, "I've just been held up." He told his father not to go out as the bandit had a gun.

However, the father did go out and talked to the bandit, trying to persuade him to return the money. Max Hamilton said afterward that he had almost convinced the bandit that he should return the money. He said the bandit then seemed to be all "shook up" and started his car with a jerk, knocking the market owner to the ground. He was taken to a doctor afterward and treated for a bump on the head and an injured arm.

When the bandit left the market, he headed toward Campo Road. Young Hamilton gave chase but the bandit was lost in the traffic.

The two Hamiltons reported that the bandit's car was a foreign make, possibly German, with an emblem of some sort pasted on the windshield. They failed to get the license number.

The elder Hamilton said the bandit had been in the market several times before.

A deputy sheriff at the the El Cajon sub-station said a general broadcast had been sent out on the bandit. He said the San Diego Police Department had reported that a Mercedes car (foreign make) had been stolen and had been seen heading toward Lemon Grove. He said it was undoubtedly the car used in the holdup.

Saturday afternoon deputy sheriffs found the Mercedes abandoned at Helix Street and Roca Verde, in Spring Valley. Lab men from the Sheriff's Office immediately started processing it for evidence.

Annual Spring Concert This Week At Jr. Hi

Almost two hundred students from the Lemon Grove schools will participate in the Annual Spring Concert this week on Thursday at 8 p.m. at the junior high school auditorium on School Lane. The band, orchestra, and chorus under the direction of Harry Weisgerber and George Starkey have an exceptional program planned for parents and other school patrons.

The sixty member band appears for the first time in the new uniforms recently purchased for them by the Music Parents Club, according to Ray Lange, club president. The large chorus will present a varied program of folk, religious, and patriotic songs. Members of this group recently participated in the San Diego County Chorus Festival.

The third of the musical program features the school orchestra which joins with the chorus for the finale. Ushers for the evening will be members of the junior high Teen Klub under the sponsorship of Mrs. Evelyn Podsednik. The concert is open to the public.

Market Patrons To Try For Free Turkey

Foster Willet, owner-operator of three Food King markets in the south county area this week appointed Jack Holmes supervisor of all Food King meat departments.

Holmes said that the group would continue the policy of full refund guarantee on all meat purchases.

As an added inducement, Holmes said, customers have a chance to get a turkey free of charge. If a red star appears on the register receipt a Thanksgiving-sized turkey will go to the holder of the receipt.

Each week a different prize will be awarded.

This week a lamp is being awarded as a door gift. No purchase is necessary to take part in the competition.

Local Food King store is at Bancroft and Campo.

une's, this newspaper's and other media which had parked in along a single file dead-end lane.

KSON technicians calmly rounded up the dignitaries, got them to repeat their part of the program into a tape recorder for 45 minutes while the other press reps., blocked in, cramped at the bit and waited.

KSON then backed down the long hillside lane, unblocking the rest. Very probably KSON had the program on the air by the time KGB, which got there first and nearly an hour early, even got out of the field.

Such is the sometime advantage of being late!

While I was waiting to be unblocked I recalled a story they knocked about during my earlier newspaper days. This had to do with Carl Groat, now deceased, the good former editor of the Cincinnati Post.

They tell how Groat, a correspondent during WW I had become bored with his front line assignment at the tag end of the

war. Tip had come that a surrender was being negotiated and the desultory warfare tended to prove it.

Groat, so the story goes, joined some of his cohorts in attempting to drink dry the French town where they were headquartered. His capacity was enormous. He emerged from this caper three days after the war had actually ended. All the other correspondents had filed their stories days before.

Nonetheless, Groat methodically collected the necessary material which he was able to write into a better story because events of the past couple of days could be used to point his story up, and sent it by dispatch to cable headquarters some 20 miles to the rear of the lines.

What none of the correspondents knew is that strict censorship had been clamped on for several days and the French cable operator was stacking the material up on a desk spike.

As soon as censorship was lifted, some 24 hours after Groat filed his story, the operator picked them up from the top.

Thus Groat scooped the world on the story of the war's end... although he filed it three days late!

New Chemical Controls Brush

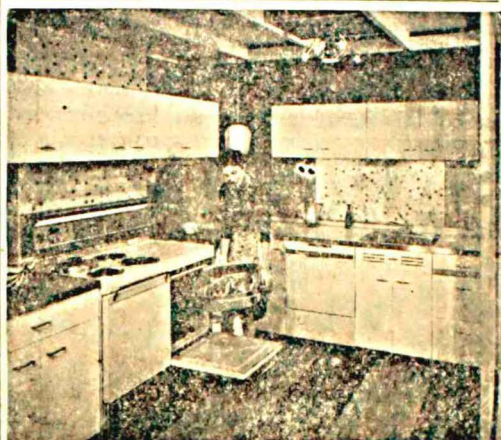

A new chemical known as Fenuron has given researchers new hope in controlling unwanted brush. Chemical herbicides have been under study on the Curt Massey Ranch near Alpine for several years. Fenuron test plots on the Massey Ranch showed 100 per cent control of the brush without killing the undergrowth of grass. Victor W. Brown, Farm Advisor, University of California, says that an added advantage is that the chemical is made in pellet form and can be spread either by hand or by air, whereas other chemicals have had to be applied with spray equipment.

Experimental plots have been expanded to find out if the chemical will work on other brush species detrimental to grass ranges. The test work will be one of the feature stops of a Southland Range, Watershed and Livestock Tour scheduled for Southern California cattlemen on April 23 and 24. W. A. Harvey, Weed Control Specialist, University of California, will explain the use of new chemicals for brush control.

Candidate For Assessor Grows About Tax Hikes

Delmar Gray, candidate for San Diego County Assessor addressing the Farm Bureau in El Cajon recently recommended the Grand Jury make a study of the Assessor's office to fully acquaint themselves with the methods, policies and practices, and then make recommendation as a guide for the assessor. If elected, this would be one of his first acts he said.

He also said there must be a stop in sudden and shocking rises in assessed valuations that have been all too frequent in the past. Too often the valuation has been predicted on the anticipated values of property and not on the current use, which is the only right and fair way to determine assessed valuation. Gray said he was building his platform on terms we can all live with after his election, and that his declared goal was to make a contribution to good government.

Visitors will find a wealth of inspiring information when they inspect the "Medallion Home" and Housepower House." AUTO CLUB OPPOSES MUG SHOTS ON DRIVERS LICENSES

Automobile Club of Southern California recently recommended in a communication to members of the Legislature the elimination from the proposed State Budget of all appropriations to pay the cost of placing photographs on drivers licenses. The Club pointed out that in the next fiscal year alone the expenditure for this purpose would be approximately a half million dollars and that in the next few years the expenditure would total literally millions of dollars of motorists' taxes. These funds would otherwise be available for much needed highway development.

A club spokesman said, "The taxpayers who contribute to the Motor Vehicle Fund have made no request for such an extravagant expenditure. The photograph has no relationship to traffic safety commensurate with the excessive costs involved. Many object to the proposed photograph and look upon this expenditure as a waste of public funds. This is an opportunity for motorists to communicate their views to the members of the legislature."

Moving Industry Is Major Economic Force In S.D.

Two major industries... aviation and household goods moving and storage... have combined forces to revolutionize the methods of handling large items of household goods, from which cooperative action the general public will materially benefit.

A special demonstration was held Saturday in Palm Springs, California to show how very large items of home appliances and furniture can be moved into off-the-ground level homes and apartments... by helicopter. The flexibility of the modern helicopter is scheduled to render obsolete the "bugaboo" which has long plagued the moving and storage industry... moving extra large items of furniture and appliances into off-the-ground level units, particularly in those cases where there are no freight elevators or adequate room to maneuver the units anywhere other than on the ground floor. The two companies involved are: California Motors of Glendale and Global Van Lines of Los Angeles.

☆ Good housekeeping produces safety.

DOROTHY DIGS in the garden

DAHLIAS

Most anytime now you can begin planting your Dahlias. Here is how I like to do it.

HOW TO PLANT

I have the Dahlia tubers sprouted from 1 1/2 to 2 inches before planting. I dig the hole for each tuber 10 to 12 inches deep and 10 to 12 inches in diameter. I throw into this hole a trowel full of bone meal, a trowel full of hardwood charcoal and 2 trowels full of steer manure. Then add 2 quarts of fertilizer water made from any good commercial fertilizer and mulch this mixture thoroughly. Before replacing the soil that I've dug out of the hole, I add a little soil sulphur to it... about 2 tablespoons of soil sulphur to the amount of soil in which I'm going to plant each Dahlia tuber. After having mixed the soil well with soil sulphur, I begin replacing it in the hole, mingling in a little leaf mold, and finally I plant the tuber 2 or 3 inches below the surface of the ground.

WHAT'S DOING

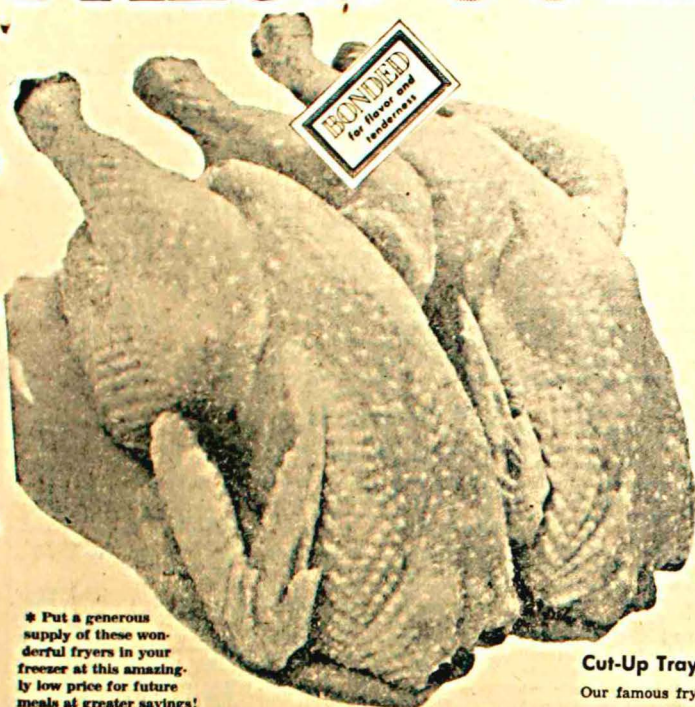

Why are these two phone men having such a hard time opening that metal box? You can blame it on corrosion. It can rust or crack even tough metals, and here it has sealed the box shut. Phone wires from your house are connected to a box like this. But this one, in a special test, was exposed to wind, fog and ocean spray. We use these tests to learn new facts about corrosion. We also test to find metals that can resist it, yet are economical. By controlling this and other destroyers, we save thousands of dollars worth of equipment each year—and make your service still more reliable.

On any occasion, a kitchen phone in color makes a gift that's sure to please. Mother's Day is Sunday May 11th and here is the answer to your gift problem. And she'll take pride in the beauty a color phone adds to her kitchen. Choose from seven eye-appealing colors: Ivory, moss green, cherry red, pastel yellow, light gray, light beige, white. Cost after installation charge is only \$1.00 a month. You can have it billed right on your telephone bill if you like. Coffin Sisters Get Together After 24 Years

Six Coffin sisters who have not been all together for 24 years, held a reunion the latter part of March and spent four glorious days recalling old times sightseeing and dining out at some of San Diego's fine cafes.

The "girls" were Mrs. L. R. (Blanche) Denison, of 8816 Valencia Street, Spring Valley (she is the eldest); Mrs. Ralph (Della) Safford of Grand Junction, Colorado; Mrs. Ed (Nettie) Hubert of Montrose, Colo.; Mrs. John (Jessie McDonald) Montrose, Colo.; Mrs. Harold (Mildred) Hubert of Fontana, Calif.; and Mrs. Lester (Lucille) Heard of Encanto, Calif.

Three of the sisters were born in Colorado, two in Oklahoma and one in the state of Washington. There was one other sister who died at the age of 16. The mother of the sisters passed away about 24 years ago. That was the last time all were together. The father passed away seven years ago. He had been a contractor.

There are 16 children who have been born of five of the sisters: Mrs. Denison, 7; Mrs. Safford, 5; Mrs. Ed Hubert, 3; Mrs. Harold Hubert, 3; and Mrs. Heard, 1. The Mmes. Hubert are not only sisters, but sisters-in-law as well, each marrying brothers. There are 20 grandchildren among the five out of six sisters.

LOMITA VILLAGE NOTES

by Edna Rice — HO 94832

One of the prettiest Spring weddings Lomita Village has ever witnessed was solemnized last Saturday at Skyline Wesleyan Methodist Church, when Miss Christine Mary Moore, daughter of Mrs. L. H. Moore of 619 Sawtelle Avenue, was united in marriage to Daniel Edward Fisher of 452 Cardiff Street. Pastor Butcher, of course, tied the knot and also rendered a solo of nuptial music. The church was beautifully decorated with Easter flowers. The bride was radiant in a springlike pale green linden suit with white accessories; she wore a corsage of white carnations and carried a small colonial bouquet of the same.

The maid-of-honor was Miss Charlotte Clark of Lemon Grove, who wore a light grey flannel suit with white accessories and a corsage of white carnations. Little Frances Grace Moore, sister of the bride, was flower girl, gowned in pale blue nylon with pink accessories and a small corsage of pink carnations. The mother of the bride was tastefully attired in apple green linen with white, while the mother of the groom, Mrs. Edward Fisher, wore an Oxford grey suit with white accessories. Both mothers wore white carnation corsages. Nathan Fisher, the groom's brother, was best man.

The bride, a native of New York State, is studying Cosmetology, while the groom, a native of Phoenix, Arizona, is employed by the Hinkle Manufacturing Company of San Diego. Both were educated in local schools. The young couple left on a honeymoon, destination undisclosed. They will reside temporarily at 619 Sawtelle Avenue.

LOMITA VILLAGE

We hope a lot of you Villagers saw the Logan Heights Easter Parade, with the Lomita Village Twirlers going to town in their spanking new purple and gold uniforms, led by 3-year-old Donna Kurz dressed as the Easter Bunny. It was the Twirlers' best parade yet. But their biggest challenge lies ahead of them. On April 20th they will parade at Lakewood, Calif., in stiff majorettes. There are 67 girls now in the Lomita Village corps. The training they are receiving now will be of benefit

for the rest of their lives.

The Twirlers have acquired two fine new sponsors: Mr. John S. Alessio, Executive Director of the Caliente Race Track, and Knigh's Market on Skyline Drive. Orchids to Mr. Alessio and to the Knights for their service to the Village. They really really are — all of them — "knights in shining armor."

LOMITA VILLAGE

How many of you Villagers drove around the corner at the intersection of Cardiff Street and Jamacha Road last week Sunday? On that huge vacant lot on the west side, with the billion-dollar view, right next to the big sign "Lomita Village Shopping Center" was parked a truck loaded with apples, with the driver doing a rather slow business peddling fruit in small quantities. Well, as they say, the pioneer days of the West are not very far behind.

If Audubon School has anything to say about it, we're going to outstrip Russia in the science race, Sputnik and Mutnik notwithstanding. Dr. Geddis and his Science Department are working overtime to train some budding Einsteins. The March issue of the Audubon Oriole was a special science number. Parents, did you read it? Special science moves, such as "Man in Space" with commentary by Dr. Werner von Braun, "Mr. Sun," Hemo the Magnificent, and a few others have recently been shown. But the big attraction that really draws attention is the "Atomic Energy" bulletin board prepared by Mrs. Protsman and displayed in the school office.

Ever hear of Der Eyeballen and Coverupen Grupe? Teutonic grunts and snorts and phony German accents are now the order of the day around our various scientific laboratories ever since Operation Paper Clip deposited so many German scientists — and perhaps, geniuses — on our doorstep. De Eyeballen und Coverupen Grupe, sinister though it may sound, is simply a playful name for the Visual Detection and Concealment Section of the Navy Electronics Laboratory on Point Loma. We Americans are great kidders. It's what keeps us young. We wise-crack even in the teeth of mortal danger. Your reporter was intrigued by the article on Junior Moon Watchers by Bonnie Tomkins in the Audubon Oriole, so we gave the telephone number she mentioned a jingle. We had a real nice chat with Commander Franz, with public relations man Mr. Hector, and with Mr. John Hood, who has Eyeballen at his finger tips.

There is a Moon Watch Team, I was told, on duty every night at the Navy Electronics Laboratory. This is, so far, the only Moon Watch Team in the area. Its work is not under the jurisdiction of Navy Electronics, but its volunteer personnel are civilian employees, and Navy equipment is used.

The Eyeballen people told me that, to date, almost all of our information on the Russian satellites has come from Moon Watchers. It is of such vital importance that only a few days ago, President Eisenhower sent a letter of commendation to all Moon Watch teams in the country.

Other Moon Watch teams in this area could be of inestimable value. Persons who have previously served on Sky Watch teams for Civil Defense would be ideal volunteers — also science teachers, math sharks — Well, a lot of people might qualify. A genuine interest, plus willingness to work hard, and maybe a little digging down into the jeans to help buy some equipment would be necessary. The service to our country would be incalculable.

We have some ideal locations out here in the back country — Mt. Helix, for instance, or even Mt. Miguel or Dictionary Hill that are right there staring us in the face. Which reminds me — the other day a Spring Valley

resident told me that he was sure he saw a flying saucer over Lomita Village one night several weeks ago. Be that as it may, we hardly expect to wake up some morning and find the little green men from Mars have landed in our back yard.

Any one interested in organizing a Moon Watch Team may call the Eyeballen people at Academy 26311, Ext. 726.

LOMITA VILLAGE

Heigh-ho, summer's just around the corner, and for a month now quite a few Lomita families have been spending nice, lazy week-ends at the Carmen Ranch Club on Sweetwater Road. This is a swimming club, in reality a country club, with membership of more than 200, and open 8 months of the year. There is one of the nicest swimming pools you ever splashed around in, with facilities for badminton, volleyball, and tether ball. Not to mention a big old barbecue. Needless to say, they have a first-rate swimming instructor and classes are conducted in water ballet and figure control. The latter seems to be especially popular.

LOMITA VILLAGE

Rev. Edward Burgess, Pastor of the First Baptist Church of Encanto, says, "God blessed the Sabbath Day, and hallowed it — rainy or no, too."

On Good Friday, the "Upper Room Service" was observed at Encanto First Baptist, in commemoration of the Last Supper. Easter Sunday the Pastor preached on "The Resurrection Body." On Easter afternoon, Pastor Burgess conducted a baptismal service at the Fairmont Baptist Church. The Morning Message on April 13th is to be brought by the Gideons, while in the evening the church members are invited to the paragonage for a music hour, with singing from "The Old-Fashioned Revival Hour Song Books." Mrs. Burgess will serve refreshments.

The date April 19th is set aside for Ministry to the City Rescue Mission. April 20th is "Friend Sunday." Come and bring a friend. The full-length motion picture, "Martin Luther," a biography of the great German reformer, is the special treat for Sunday evening, April 27th. There will be no admission charged. Bring your friends and meet the friendly Baptists.

The newly elected officers of the First Baptist Ladies' Society are: Mrs. Moon, president; Mrs. Burgess, vice president; Mrs. Thompson, secretary; Mrs. Gardner, treasurer; Mrs. Ware, reading chairman; Mrs. Rucker, white cross chairman; Mrs. Stuart, love gift; Mrs. Shockey, spiritual life chairman; Mrs. Davis, circle coordinator.

Pastor Butcher of Skyline Wesleyan conducted a baptismal service during Holy Week and received the new members into the church on Easter Sunday. A communion service was observed on Good Friday night, at which Rev. and Mrs. Goodman, Missionaries from Johannesburg, South Africa, were the speakers. On Easter Sunday there were two morning services, the topic of the sermon of the 11 o'clock service being "The Resurrection Revealed." At the evening service, the choir under the direction of Associate Pastor Derric Johnson delivered a touching rendition of the cantata, "Were You There?"

LOMITA VILLAGE

As a thought for this post-Easter season, we would like to tell you that St. Mary's Roman Catholic Church in Phoenix, Arizona, treasures a fragment of the True Cross protected in a reliquary. On Good Friday evening at special services, the worshippers are blessed with this relic of the Cross of Jesus, with which the priest touches the forehead of each worshipper as he blesses him. Your reporter, a former Phoenix resident, has seen the holy relic.

☆ Moscow Radio, answering charges of Jewish persecution in Russia: "Synagogues are working in the U.S.S.R. Books by Jewish writers are being published."

Polio Season Starts In April

Persons not yet immunized against paralytic poliomyelitis are reminded that warm weather will soon bring the polio season to San Diego County. April is considered the start of the polio season.

By acting at once, persons may build up some degree of immunity to the crippling effects of the disease before the season is under way. The full series consists of three inoculations. The second is given about four weeks after the first, and the third, seven months or more after the second. See your family physician and discuss starting his series of the Salk vaccine inoculations immediately.

Long Name Given Area Red Cross

The La Mesa-Lemon Grove Spring Valley Branch Chapter of Red Cross formerly adopted that name for the unit at the regular meeting held recently at City Hall headquarters. Les Freeman acted as chairman. Col. Edw. C. Kelton was assigned the task of re-writing the by-laws. Mrs. Ruth Claussen, chairman of motor service, reported 148 driving hours and 88 passengers carried for the month of March.

Action was started on forming the following services: First Aid, Water Safety and Canteen. Miss Helen Martin was appointed as representative to the new Hospital Council, Mr. Thos. J. Clark

STUDENTS FROM ALL GRADES in the six Lemon Grove schools will proudly exhibit their projects and displays in the field of science at the Second Annual Science Fair staged by teachers here at the close of Public Schools Week.

Outstanding exhibits can be viewed by the public on Friday evening, April 25, and Saturday morning until noon, April 26, at the Junior High auditorium on School Lane between Golden and Lincoln.

In the above photo fourth graders at Golden Avenue School Steven Hyden, son of Mr. and Mrs. Joseph Hyden, of 7608 Pacific Street and Rhonda Dyer, daughter of Mr. and Mrs. John Dyer, of 3727 Riviera Drive pose with the displays they manufactured.

Individual schools are staging smaller fairs now, and projects judged worthy of entry by the science fair committee will be admitted to the district fair. All rules, regulations, and suggestions were issued to students and their parents early in March. Since that time boys and girls in all grades have been occupied with preparations for the big exhibit.

Wiley Cornelius, Palm Avenue principal, is general chairman, assisted by Mrs. Evelyn Lauritzen of Golden Avenue. Others on the committee include Ben I. Schei, San Miguel, Arthur Thomas, Monterey Heights, Clarence Allen, Vista La Mesa, and Bob Offord and Mrs. Margaret Lemmer, junior high school. Chairman Cornelius listed as purposes of the Fair the stimulation of more active interest in science, the understanding of fundamental principles in science, and a means of giving proper recognition to those working on scientific projects. All students entering projects or displays in the Science Fair will be awarded with a printed certificate of merit.

Lighthart To Head SD Co. Highway Development Association

A Lemon Grove investor, Norman Lighthart, who with Oral Carpenter own the property occupied by the Ace Drive-In Theatre, was elected president of the San Diego County Highway Development Association this week.

He is also a former director of the Lemon Grove Chamber of Commerce. Lighthart replaces Keith Klague. Roger Wooley was elected vice president.

The Association has been in existence 35 years and has a perpetual platform of promoting a better highway system in San Diego County. Lighthart said that Milton Hallin, executive vice president of the Association attends all California Division of Highways district meetings and that an exchange of information

and opinions flow freely between the two groups. The Association, he said, annually reviews its program in order to keep it abreast of current conditions and needs.

Lighthart lives at 10390 Bonnie Lane in La Mesa.
